

30-Day Moving Checklist

4 Weeks Before

- Clean out anything you aren't keep for the move
- Notify the post office, utility companies you're moving
- Make plans for childcare on move day

- Be present at time of move
- Ensure nothing is left behind at house
- Meet movers at new house to help with arrangement of furniture

2 Weeks Before

- Schedule cleaners to come after your move
- Change your address for any recurring deliveries
- Start to think about furniture layout in new home

1 Week Before

- Discard flammable items and darin fuel from tools
- Arrange a place for your pets during the move
- Use up any remaining food you have

2 Days Before

- Receive Move Details email about your move
- Have personal bag and items packed and ready
- Have all boxes labeled by room

OTHER THINGS TO NOTE

- Ensure someone is present to answer any questions the movers may have.
- Make sure you're completely ready when the movers arrive. Every box should be packed, labeled, and ready to go.
- Walk through your house after the movers are done and make sure no items were left behind.
- Be prepared to pay your remaining balance at the end of the move. Tips for the movers are always welcome.

Moving Tips

- Wrap your breakables (dishes, glasses, etc.) in clothing to save on bubble wrap.
- In addition to labeling what's in your boxes, add what room they'll be going into, as well. Boxes should be able to close without caving or bulging.
- Take a picture of how your electronics are connected so you can remember where the wires go.
- Place a cotton pad into your powder cosmetics to keep them from breaking.
- Cover the openings of your toiletries with saran wrap, then put the tops back on to prevent leaking.
- Pack plates vertically.
- Take photos of your cleaned out residence in order to get your proper deposit back. (Tip: Use a bar of soap to fill your nail holes).
- If possible, arrive at your new residence before the movers to pre-clean.
- Items valued at more than \$100/lb should be disclosed to your Move & Store representative; they will assist in making sure that you are properly insured for your move.

APPLIANCES

Disconnect, defrost and ensure all appliances are empty of items

COMPUTERS/TELEVISIONS

Pack into original boxes if available.

CLOTHING

Hang clothes in wardrobe boxes to keep them organized and on hangers.

LAMPS

Remove shades and bulbs and pack them into boxes with lots of padding.

DISHES

Pack in dish boxes vertically. 3" of paper on bottom and 2" in between layers.

BEDS

Remove all sheets and mattress pads. We will disassemble and reassemble.
